KEY BENEFITS

Increase Efficiency and Time Savings

- The MEEZA service greatly increases the efficiency in the delivery of services especially if your organisation is currently delivering this service in a manual environment
- This online automated system reduces the time spent capturing and correcting time attendance information. The system quickly responds to employee inquiries as well

Ease in Migration

- This solution from MEZA has standard data formats that makes it easy to transition from your current on premise payroll software
- It has step-by-step guidance to make sure of the smooth migration of clients from their old system

Elevates Employee Satisfaction

- Employees are able to view their payslip online and the automated processes of this service allows employee salaries to be deposited directly to their bank accounts so they can realize and enjoy the benefits of electronic and internet banking

No Additional Capital Requirement

- This MEEZA cloud-based solution eliminates the need to purchase new servers and software to accommodate a payroll system as well as reliable and redundant storage

Tried and Tested Solution

- This MEEZA solution has been in production for more almost 20 years as an on premise solution before its introduction as a MEEZA cloud service. As a cloud-based service, it is currently being used by clients with high levels of satisfaction
